D-Link DIR-100

Введите в строке браузера адрес **192.168.0.1**

Введите:

Имяпользователя: **admin**

Пароль: **admin** (в некоторых версиях пароль надо оставить пустым).

Открывается web-интерфейс:

The screenshot shows a web browser window with the address bar displaying `192.168.0.1/bsc_internet.htm?random_str=2015.10.7.12.11.27`. The browser's address bar also shows several tabs, including "Сервисы", "Модем", "Настройка модема...", "Eltex.EMS", "Citrix XenApp - При...", "admin.ab.ru/main.php", "Tex. поддержка", "FAQ", "callback", "Настройка роутера...", and "Всё о камерах ГИБ...".

The main content area of the browser displays the D-Link DIR-100 web interface. At the top, it shows "Product Page : DIR-100" and "Hardware Version : D1 Firmware Version : v4.00TP". Below this is the D-Link logo. A navigation menu includes "DIR-100 //", "SETUP", "ADVANCED", "TOOLS", "STATUS", and "HELP".

The "SETUP" menu is expanded, showing a sidebar with "INTERNET SETUP", "VLAN/BRIDGE SETUP", "LAN SETUP", and "LOGOUT". The main content area is titled "INTERNET SETUP" and contains the following sections:

- INTERNET SETUP**: A text block stating: "If you are configuring the device for the first time, we recommend that you click on the Internet Connection Setup Wizard, and follow the instructions on the screen. If you wish to modify or configure the device settings manually, click the Manual Internet Connection Setup." Below this text is a button labeled "Internet Connection Setup Wizard".
- INTERNET CONNECTION SETUP WIZARD**: A text block stating: "If you would like to utilize our easy to use Web-based Wizard to assist you in connecting your new D-Link Systems Router to the Internet, click on the button below." Below this text is a button labeled "Internet Connection Setup Wizard".
- MANUAL INTERNET CONNECTION OPTIONS**: A text block stating: "If you would like to configure the Internet settings of your new D-Link Router manually, then click on the button below." Below this text is a button labeled "Manual Internet Connection Setup".

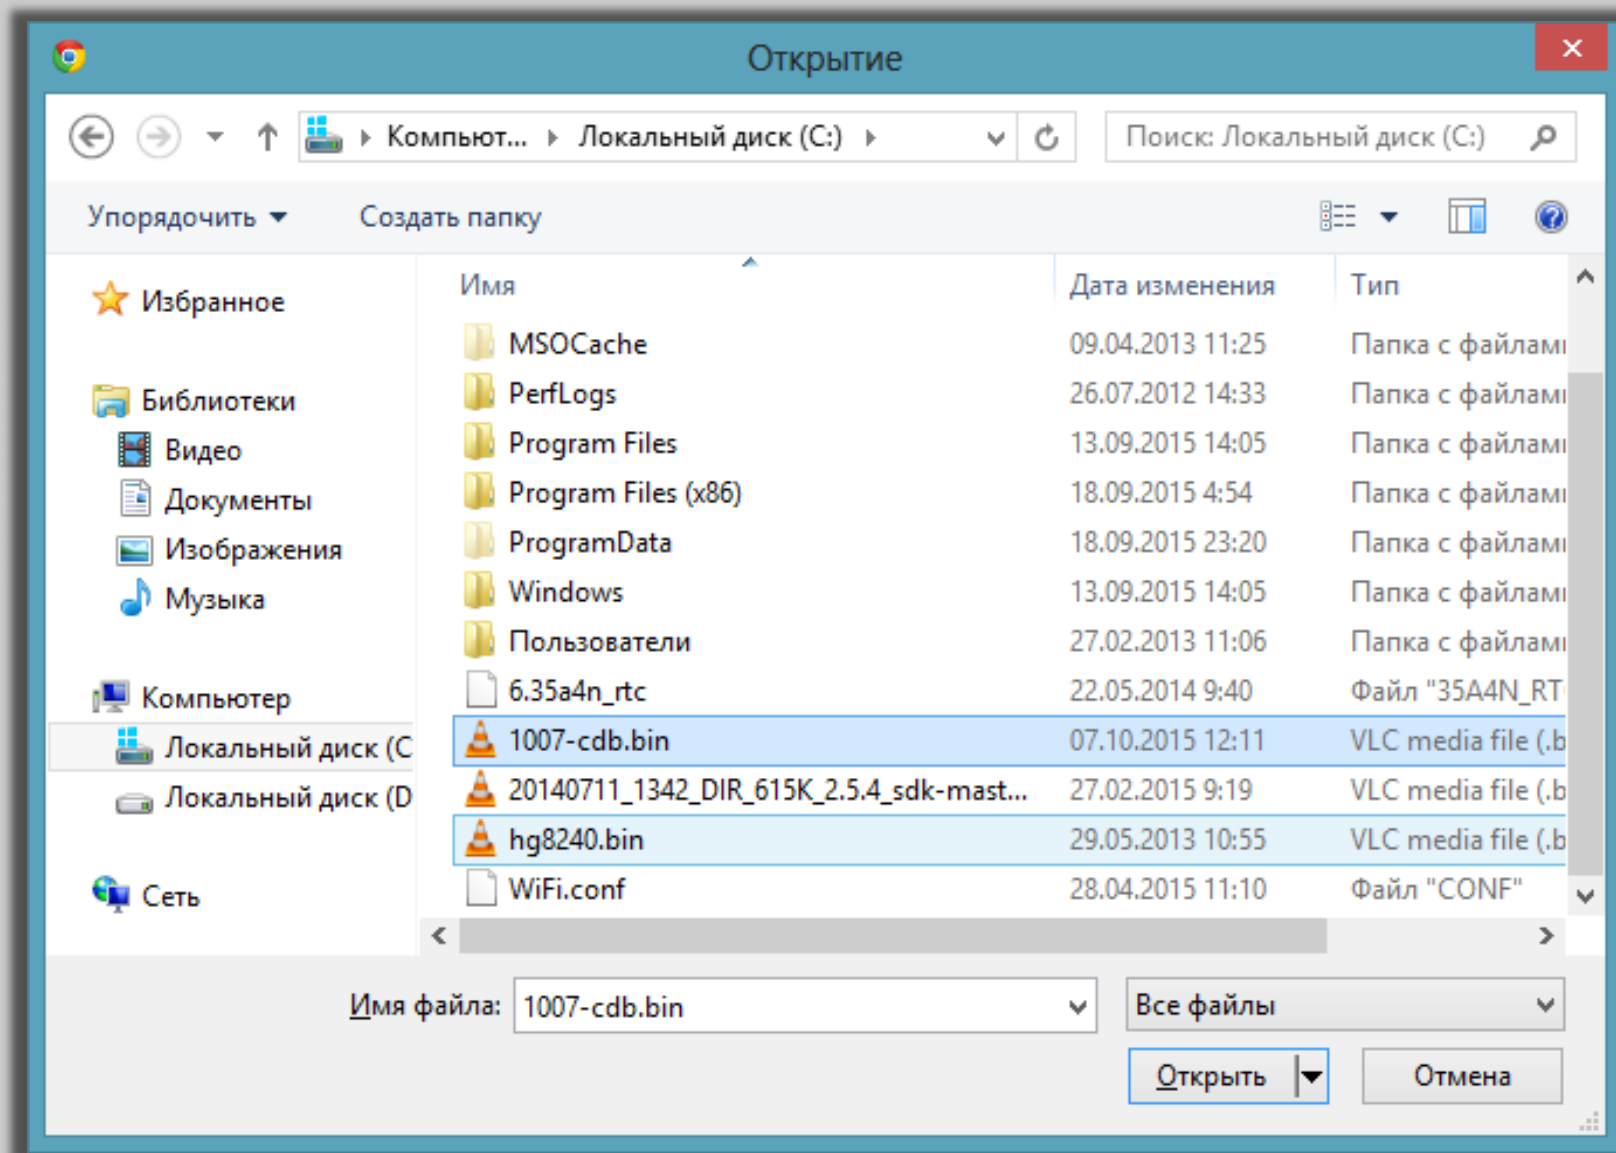

On the right side of the interface, there is a "Helpful Hints" section with two bullet points:

- If you are new to networking and have never configured a router before, click on **Internet Connection Setup Wizard** and the router will guide you through a few simple steps to get your network up and running.
- If you consider yourself an advanced user and have configured a router before, click **Manual Internet Connection Setup** to input all the settings manually.

Выберите раздел TOOLS->SAVE AND RESTORE. Нажимам кнопку Browse.

The screenshot shows a web browser window with the address bar displaying '192.168.0.1/tools_system.htm'. The browser's tab is labeled 'DIR-100'. The page header includes 'Product Page : DIR-100' and 'Hardware Version : D1 Firmware Version : v4.00TP'. The D-Link logo is prominently displayed at the top. Below the logo is a navigation menu with tabs for 'DIR-100', 'SETUP', 'ADVANCED', 'TOOLS', 'STATUS', and 'HELP'. The 'TOOLS' tab is selected, and the 'SAVE AND RESTORE' sub-tab is active. The main content area is titled 'SAVE AND RESTORE' and contains the following text: 'Once the router is configured you can save the configuration settings to a configuration file on your hard drive. You also have the option to load configuration settings, or restore the factory default settings.' Below this text are several interactive elements: 'Save settings to local hard drive:' with a 'Save' button; 'Load settings from local hard drive:' with a text input field and a 'Browse...' button; 'Upload Settings' button; 'Restore to factory default settings:' with a 'Restore Device' button; 'Reboot device:' with a 'Reboot' button; and 'Clear Language Pack:' with a 'Clear' button. On the right side of the page, there is a 'Helpful Hints.' section with a bullet point: 'Once your router is configured the way you want it, you can save these settings to a configuration file that can later be loaded in the event that the router's default settings are restored. To do this, click the Save button next to where it says Save Settings to Local Hard Drive.'

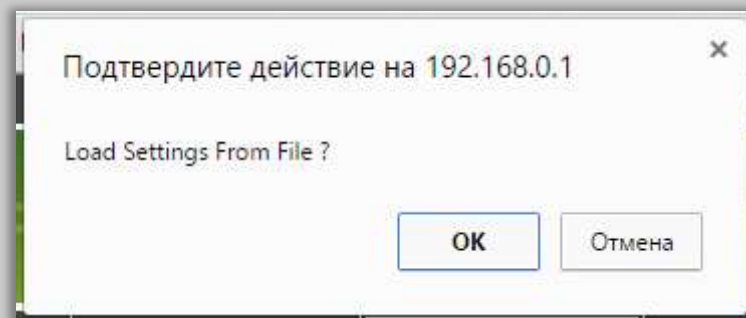

Выберите конфигурационный файл:

Нажмите кнопку «Upload Settings»:

The screenshot shows a web browser window with the address bar displaying '192.168.0.1/tools_system.htm'. The browser's address bar also shows several tabs, including 'Скачанные файлы'. The page header indicates 'Product Page : DIR-100' and 'Hardware Version : D1 Firmware Version : v4.00TP'. The D-Link logo is prominently displayed at the top. Below the logo, there is a navigation menu with tabs for 'DIR-100', 'SETUP', 'ADVANCED', 'TOOLS', 'STATUS', and 'HELP'. The 'TOOLS' tab is currently selected. On the left side, there is a vertical menu with options: 'ADMIN', 'TIME', 'LOG SETTINGS', 'SAVE AND RESTORE', 'FIRMWARE UPDATE', 'SYSTEM CHECK', 'SCHEDULES', and 'LOGOUT'. The main content area is titled 'SAVE AND RESTORE' and contains the following text: 'Once the router is configured you can save the configuration settings to a configuration file on your hard drive. You also have the option to load configuration settings, or restore the factory default settings.' Below this text, there are several form elements: 'Save settings to local hard drive:' with a 'Save' button; 'Load settings from local hard drive:' with a text input field containing 'C:\fakepath\1007-cdb.bin' and a 'Browse...' button; an 'Upload Settings' button; 'Restore to factory default settings:' with a 'Restore Device' button; 'Reboot device:' with a 'Reboot' button; and 'Clear Language Pack:' with a 'Clear' button. On the right side, there is a 'Helpful Hints.' section with a bullet point: 'Once your router is configured they way you want it, you can save these settings to a configuration file that can later be loaded in the event that the router's default settings are restored. To do this, click the Save button next to where it says Save Settings to Local Hard Drive.'

Нажмите кнопку «Ok»

Дождитесь перезагрузки устройства. Настройка завершена.
